

Course Description and Regulations

for the course

"Vasati Consultant Online Course"

at the Vedic Academy from June 19, 2013.

What is Vasati?

Vasati, also called Vastu, is the architectural science found in the ancient Vedic scriptures. It deals with the universal, subtle laws of space and the question of how a manmade creation can be in tune with those cosmic laws in order to benefit the activities and lives of the people who use it. Vasati provides an extensive conceptual framework as well as practical guidelines on how to plan or analyze an object or a building.

Course description

The Vasati Consultant Online course is designed to enable the students to apply Vasati practically as a professional consultant based on the traditional teachings of Vastu found in the Vedic literature. The course conveys the basic principles of Vastu, methods of analysis and principles of practical application, which are trained by exercises. The course enables the students to give Vasati consultations as professionals.

Modalities

The course can be started at any time and is completely self-paced. There are no requirements for access. Enrollment is possible by the [registration form](#).

Course structure

For the course structure please see the [Vasati info flyer](#).

Study material and methods of learning

The entire content of the course is presented in an online environment in the form of text and exercises. Video material is provided to give additional information. The main methods of learning are: 1) study of text 2) application of knowledge in the form of practical exercises 3) feedback to the exercises by the tutor. Students have regular contact with their tutor, including feedback for exercises and answer to their course relevant questions.

Duration of the course

The average time needed to complete the course parallel to a full time job is one year and this is the standard duration of the course. Three additional months can be granted by application.

Certificate

The certificate "Vasati consultant" is conveyed if the student has completed all lessons of course and has shown his/her understanding of the subject matter in the exercises. There is no formal examination.

Tuition

The tuitions are visible in the registration form.
